WE PUT THE "I"
BACK IN I.T. and GIS

While technology advances

we need to focus

on unlocking the power of your data

to support knowledge-based action

Clients Success Approach

Our clients succeed because of our collaborative approaches and dedicated talent trained and passionate about solving data problems. Our clients thank us for our smart dedicated talent, quality, agile, iterative deliverable value and quality management. Clients appreciate our pragmatism for knowing when to balance achieving efficiencies while introducing our native external curiosity and capability to introduce the appropriate level of data program strategy and transformational design through. We believe our superpower is our approaches addressing the sociotechnical culture, challenges, and nature of data program needs. Meaning, understanding the people, process, policy first which will ultimately drive the technology, solution, and operations.

Our Client Focus
Client Types
- Large Data Programs
- Government Earth Agencies
- Prime System Integrators
- Startup or New Programs
- CIO Executives (CIO, CDO, GIO)

Data Types
- Geospatial / GIS
- Big Data
- Open Data
- Remote Sensing/IoT

Industries
- Natural Resource Management
- Transportation/Travel
- Emergency/Hazards
- Science
- Energy
- Health
- CIO Services

Active Contract Vehicles
- SBA (8(a), Mentor-Protégé),
- GSA (MOBIS, IT Schedule 70, 8(a) STARS II),
- GWACs (CIO-SP3, DOI FCHS)
- Agency IDIQs (USFS Geo, EPA ITS-BISS III, NPS, NOAA/NWS, BLM)
- State IDIQs (CO, CA)

Clients   (Active Clients Bolded)

- **Federal Government** –CDC, **Commerce (NOAA/NWS), DOI (OCIO, BLM, NPS, USGS), EPA, GSA**, HHS, **IMLS**, Navy CRNSW, **NIH,** NSF/UCAR, **OPM, SEC, USDA/USFS, USDOT/FHWA**, VA
- **State Government - California, Colorado (CDOT, CPW, Secretary of State, OIT),** Illinois, New York
- **Local Government** – **New York City, NY; City of Salinas, CA,** City of Boulder, CO; Douglas County, CO,
- **Private** –Pharmaceutical Data, **Construction Firms**, Civic Workflow Platform, Dental Association, **Cloud Services**, Engineering Firms, Fluid Fleet Asset Software, **Geospatial Software,** Recreational Tourism, **Next Generation 911 Platforms**, Risk Management Firms, and Water Utilities - and over 60 **Prime Government Contractors**
